RANTS FROM LARRY

Hello everyone and happy great weather! I trust everyone is beginning to make plans for the summer as I know I am. Much is happening this month beginning with our yearly garage sale at Purdy's next Sat the 20th at noon. A covered dish of some kind is always appreciated as well. See the flyer in this newsletter.

The club is the proud owner of a small enclosed trailer to keep our supplies. This will help immensely with both keeping the items centralized and clean. I'm going to bring it to the garage sale so anyone who is interested may see it.

I was thinking about the ID state rally next month and thought Holy Cow it's just a month away. I trust everyone has made their reservations and has invited friends to join us. It's always been a good time and this year we are looking at a bit of a longer ride on Wed, probably up to the top of Lolo pass and back. Richard D is going to be leading that one so we can be sure that we will all have a great time at his expense.

I understand the Spring Banquet was another success and heard great things about their involvement as a club to provide a great event. Thanks for all that everyone did to make it tremendous. ID had 5 couples who attended.

I'm looking forward to the Rally this year and spending time with many of you. I'd like to hear some suggestions about where you'd all like to see the club head. The skies the limit and age is just a state of mind. It doesn't have to define us.

As my time comes to a close, I want to thank everyone for their acceptance and willingness to help me. As usual I'm available for your comments

Regards Larry P

INTERNATIONAL REPS TWO CENTS!!!!

I don't know where you live, but I thought April was supposed to be the time that things warmed up and you can ride almost any day of the week, but this year, not so much. Will it ever warm up?

We changed our breakfast meeting to Sunday, April 16th. After our meeting, five of us decided to go for a short ride although it was not any too warm and it looked like maybe rain, but we decided to brave it anyway. We headed out to Grand Coulee Dam. It was a little chilly, but wonderful being out on the bike and on a ride with good friends.

Anyway, when we got to Grand Coulee it started to rain and that made it even colder. But then again, I thought how great it was to be with friends and enjoying just riding even in the rain, crazy but so very true. I hope that all of you have had a chance to get out and ride this season, even in the rain. What a great feeling.

We had a discussion on the upcoming Spring Banquet. Things are all set and we are looking forward to a great get together. It should be a lot of fun. I told the group that I had about forty already registered and expecting about another ten to twelve. That'll make a fantastic turn out.

It's the time of year that we can do what we all enjoy, and that's ride, and share those rides with the friends that we have made in the UMCI. I know that we are not large in numbers, but we are very large when it comes to deep friendships that we've developed in our small group.

As is so very true in all our functions, the one thing that always stands out to me are the friendships that Kevi and I have been able to make in this club. It's hard for me to believe that I still have friends in the club I met as long as 20 years ago and those friendships are still just as strong as when we first met.

It's my hope that in this letter or note, or whatever you call it, you too will take a few minutes to reflect on the friendships that you have developed in the UMCI. I'm positive that it will bring back some great memories and put a smile on your face.

I hope to see you at the Spring Banquet or at one of the many functions that are planned for this year. Until then thank you for letting us call you a friend.

Ride Safe, Ride Lots, but most of all have a ton of fun and make a new friend!!!!!!

Kevin and Kevi

UMCI-Washington Spring Banquet in Othello, WA – by Rick Killebrew

Blue skies and warm weather set the stage for UMCI-Washington's Annual Spring Banquet and a great opening to the 2023 Season. Kevin and Kevi and the crew held their Banquet again this year at the Othello Senior Center. I believe the total number of attendees was 56, with ten of us driving from the Boise area.

Shrimp, meatballs, assorted cheeses, and cold cuts, along with various beers, wines and soft drinks kept us occupied until the main meal was served. BBQed Chicken, Tri-Tip, Mack & Cheese, BBQ beans, Salad, and Rolls. It was a feast that finished up with homemade Strawberry Shortcake.

Our Washington Group also assembled two full tables of raffle prizes. Prizes were won by someone at every table with several folks collecting multiples. Of the four gas cards donated by UMCI-Idaho, I believe that three of them were won by Idaho participants. The night's 50/50 saw 4 nice cash prizes distributed. Additionally, and unknown to us prior, those of us that wore our UMCI Colors were entered into a separate drawing by Kevin for a hand made Hardwood Cutting Board, which was won by Diana Dunning.

Sunday morning's breakfast consisted of several assorted egg casseroles along with homemade Cinnamon Rolls, juice, coffee, and freshly cut fruit, AND another generous 50/50. After participating in a quick clean-up of the facility, we loaded up and headed out. Vern and Kathy headed to the coast while Dick and Marilee, Richard and Diane, Karen and Steve, and Carla and I headed west back to Boise, stopping briefly at DQ in Baker.

To borrow a line from Kevin's Breakfast Prayer; On this day, old friends and new acquaintances came together and "shared stories and a few lies".

Idaho Panhandle Tour 2023

Good Morning Riders

Might seem to be a bit early to plan rides but some of the working folk need to book time off if they want to attend.

Attached is a planned ride to BC and Idaho this year we are skipping Montana due to the unreasonable prices for Hotels and the fact they are keeping the roads in Glacier closed into July.

I have planned a week-long figure eight ride that includes the International Selkirk Loop in BC/Washington along with the LoLo Pass and Idaho Panhandle. This will include three days at the Idaho Rally where people will have the opportunity for some great local rides or some more challenging day-long adventures.

Each day will be around eight hours on the road and around six hundred km, look at it as riding to Calgary and back. Of course you don't have to ride once in Kamiah unless you want to.

I have made reservations for myself at the following hotels. I leave it up to everyone to make their own reservations. The rides will leave each morning from these locations.

Cranbrook	June 11-12th and 16-17th	Heritage Inn Hotel and Conference Centre
Sandpoint	June 12-13th	Best Western Ponderay Mountain Lodge
Kamiah	June 13-16th	Lewis and Clark Motel at Clearwater River
KOA		\$118 (USD), including tax for two queen 208-935-2556

For riders who might not be interested in the whole ride and coming down through Montana we should be in Missoula for lunch on June 13th before heading out over the LoLo to Kamiah.

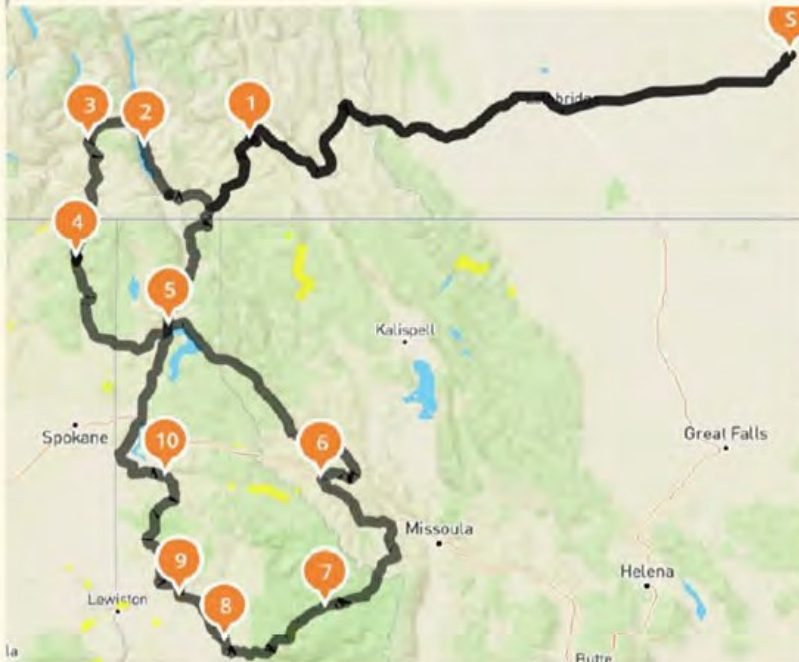

Of course weather and circumstances can always change our plans.

Daniel
